

Arkansas Valley Dressage Assoc 2nd Online Show

Our first online show was a success and we learned so much about virtual showing, we are going to offer a second one! Virtual shows offer many benefits: much less expensive than an in-person show; no worries about travel with a horse or riding in bad weather, you get feedback from a judge that you can use to compare the video with the test results, and it helps you with your dressage! It's also fun!

Our judge for this show is Michele Velesco, a USDF L judge. Classical and Western riders are both welcome.

The process is easy to follow:

*Have someone video your test.

*Upload the video to You Tube. Then send to jsflygirl@gmail.com.

*After scoring is complete, you will receive a test score sheet with comments from the judge and a placement within the class. Ribbons will be mailed.

Please reach out for help with video, uploading to You Tube or other showing questions. You can contact Sandy or Sarah for assistance.
